Data Scientist

EDUCATION

2022–2024	MASTER - Computer Science, Bordeaux
2021–2022	Internships & immersive English speaking acquisition at UCSD
2018–2021	BACHELOR - Computer Science & Mathematics, Lyon

EXPERIENCES

2025 Simon Kucher	AI developper <i>Internship</i> Creating advanced AI-driven solutions for consultants using LangGraph Agents and LLMs.	
2024 Mentorship	Portfolio Project Building vocal AI agent: booking-ai-agent.onrender.com	
2024 MaxSea Int.	Computer Vision Engineer <i>Internship</i> Real time marine vessel detection using neural networks from scratch. Increasing precision and recall by 35% and 24% respectively.	
2021–2024 CNRS LaBRI	Fullstack Developer <i>Freelance</i> Serve as a fullstack developer on MonProjetSup . Numerous data extraction tasks. NLP Engineer <i>Fixed term contract</i> Natural Language Processing (NLP) for keyword extraction (TF-IDF...). Creation of search engine, achieving 92% recall. Intern Creation of SVM performance measurement tool for Parcoursup (french college admissions platform)	 

HARD SKILLS

AI	Computer vision ; Deep Learning (PyTorch, Tensorflow) ; NLP ; quantization.
Statistics	Clustering (KMeans, knn, OPTICS...), analytics, data extraction.
Others	Git ; Web (JS, HTML, CSS) ; \LaTeX ; shell ; Docker ; databases (SQL).

SOFT SKILLS

Languages	French native, English fluent, German B2.
Qualities	Analytical personality, result oriented. Ability to work in a team and efficiently communicate. Good knowledge of Agile framework and MLOps principles.
Leisure	3D printing, self hosting, development; outdoor climbing, piano.
